

An underwater photograph showing several people swimming in clear blue water above a vibrant coral reef. In the foreground, a young girl in a purple shirt and yellow goggles looks directly at the camera with her hand on her chin. To her left, a woman in a black and pink swimsuit and blue goggles swims. Other swimmers are visible in the background, some in blue and black swimwear. The bottom of the frame is dominated by a dense, colorful coral reef.

What are the dreams and what do people need them for? Let's reflect about this topic a little.

*Obviously, there is the reality
in this world.*

*But without
a doubt,
there are
dreams as
well.*

NIT
SPO

So, what is it...

*...and why is it so important
for people to dream sometimes?*

*In fact, it has a simple explanation.
Our life is like a difficult road
with a big set of rules.*

*But dreams allow any soul to push
any rules and limitations aside,*

*...and in a second find
ourselves in a place,*

...where we really want to be.

*And it is quite possible that dreams
are an invisible but existing reality.
Just like radio waves, for example.*

*And, then who knows what role
the dreamers really play in this world...*

*Of course, different people
have different dreams.*

Sometimes they may be amusing,

*...sometimes,
they may
not seem too
reasonable.*

*So what?
That's why
they are
dreams!*

*What do
people like
to dream
about most
of all?*

*In fact, there is a countless number
of things to dream about in the world.*

*There are
dreams
about
simple
things,*

...and about big or complex ones.

Someone
dreams about
an interesting hobby.

A woman with long blonde hair, wearing a dark tank top and shorts, is sitting on a large, weathered piece of driftwood on a sandy beach. The driftwood is positioned horizontally across the foreground. In the background, the ocean waves are breaking onto the shore, and the sky is a clear, vibrant blue. A large, white, fluffy cloud in the sky is shaped like the map of Australia. The text "And others want to take a trip to a beautiful country." is overlaid on the right side of the image in a white, serif font with a slight shadow.

*And others
want to take a trip
to a beautiful
country.*

*Those who value feelings most
of all dream about true friendship,*

*...and about
unforgettable
meetings.*

*However, the most important
dreams in humanity are still
the dreams about love.*

*(Well, or about
a very big love...)*

*Nothing changes here for thousands
of years. And it's great.*

Actually, a suspiciously great number of sages said that dreams tend to come true,

*...or, in other words,
they can be reflected in our real life.*

*So maybe later we will all discover
that dreaming is...*

*...not such
a useless
activity...*

What do we know about dreams

An underwater photograph showing several divers swimming in clear blue water. In the foreground, there is a large, healthy coral reef with various types of coral, including branching and table corals. The water is bright and clear, and the overall scene is vibrant and colorful.

*What are the dreams
and what do people
need them for?*

*Let's reflect about
this topic a little.*
