Human has always strived for the heavens. He has been successful in some endeavors and not in others. How and why this all came to be is the subject of this photo-history.

*A human has
always dreamed...*

...about heaven.

*Often, by looking
at the birds flying in the sky...*

*...or, even at kangaroos living
on the trees, he...*

*...also often tried to climb
at least a little higher,*

*...and
sometimes
settled there.*

*From time
to time,
the man
made
different
suspension
bridges
to walk over
the tree
tops ...*

*...and sometimes even made
a ride above them.*

*Meanwhile,
he always
thought how
he could
learn to fly
himself?*

*Man succeeded in his aspiration.
Planes,*

...helicopters,

*...and many other things are indeed
available to him today.*

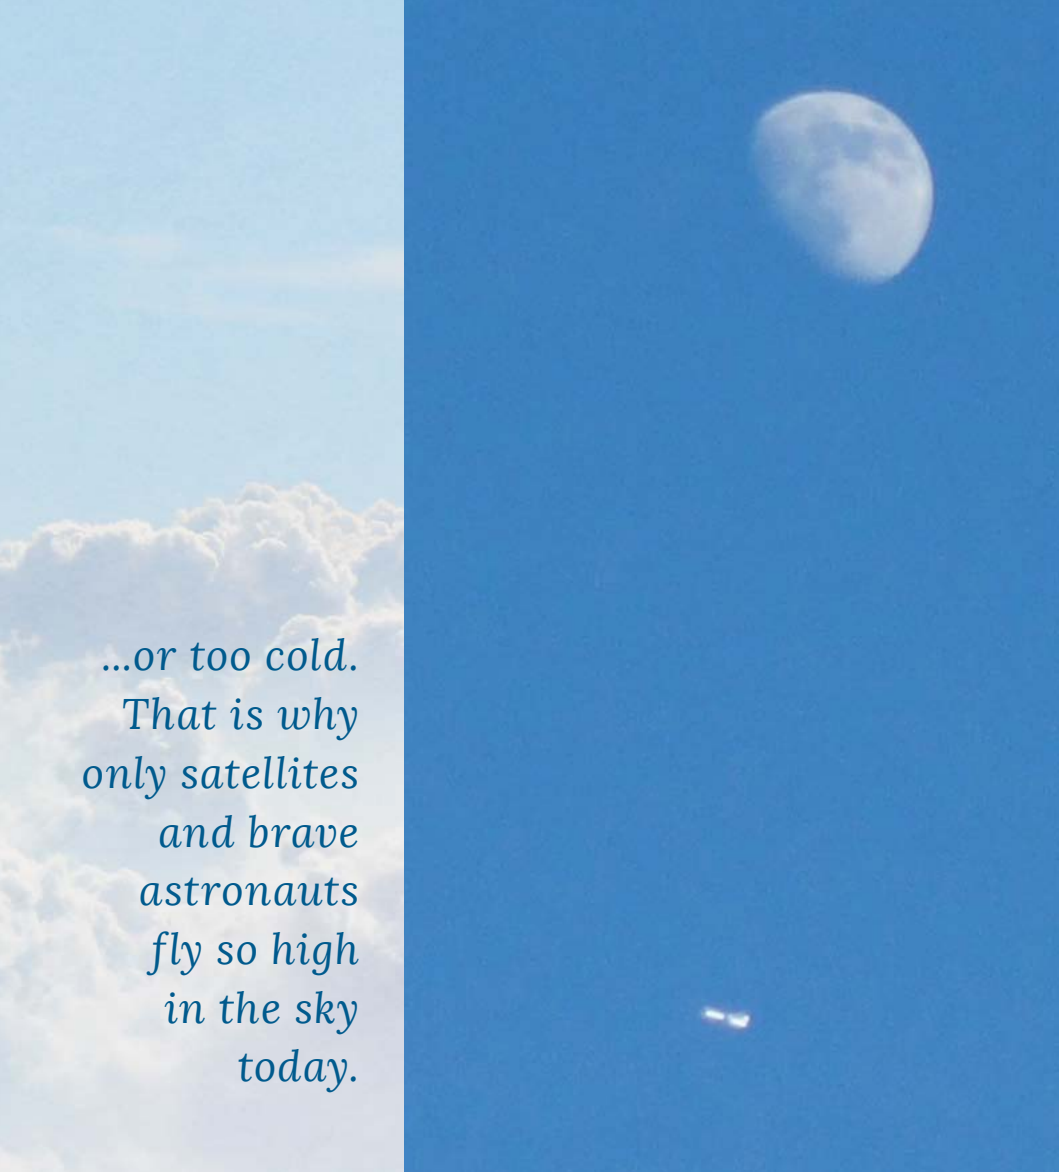

*And
very often,
the view
from our
balconies are
as good as
a view from
a perfect
nest.*

*After that, the human
tried to climb even higher.
However, it was either too hot...*

*...or too cold.
That is why
only satellites
and brave
astronauts
fly so high
in the sky
today.*

Was the man really satisfied after what?

No way!
He dived
under
the sea,...

...began to ride waves,...

...and to catch the wind.

*(However, he did not forget
to jump sometimes).*

*But, as for heaven,
man just put...*

*...a massive
dot.*

However, sometimes
he still remembers
to look in the right
direction.

*However,
wasn't the
man too
hasty in his
conclusions?
Did he really
discover all
of heaven?*

*Of course not. He did not discovered
all of Heaven. Although many people
had come this way before him.*

*The thing is that the main Heaven
is discovered in another way.*

*Not with our
eyes and
heads, but
with our love
and heart,
with our faith
and kindness.*

*This Heaven opens to everyone
who always believes in the kind
fairy tales with a happy ending,*

*... and to everyone who does not
forget to create our own kind
fairytale on sometimes not so
'fairy' earth.*
