Sea always calls
and attracts people,

...and many of us are excited
to answer this call.

But often the sea calls us...

...more deeper.

There,

where it keeps millions
of different secrets,

...for the most
persevering...

...and trusting friends.

This call of depths is also heard
by many people,

...and they answer to it
with enthusiasm.

Someone he leads
to the tropics,

...someone to the Polar ice,

...and others –
to underwater caves.

Great wet friend...

...waits for us everywhere,

...and glad to each new meeting.

And people should not fear the sea.

If we visit it like a good friends,

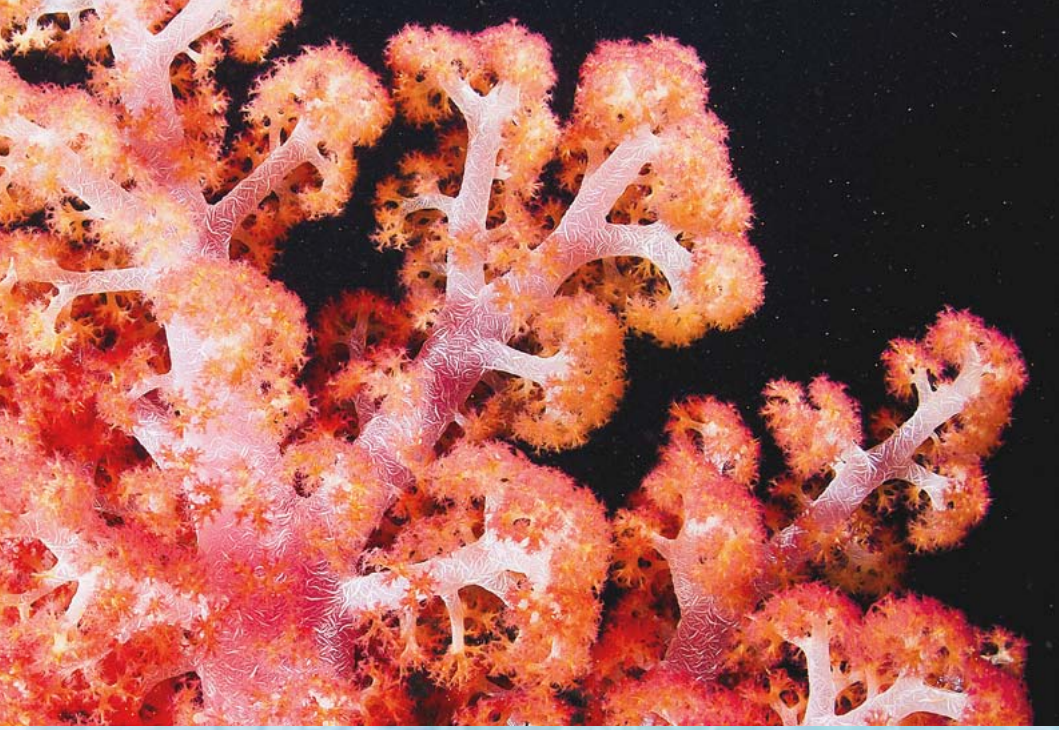
...all feels here very well,

...comfortable,

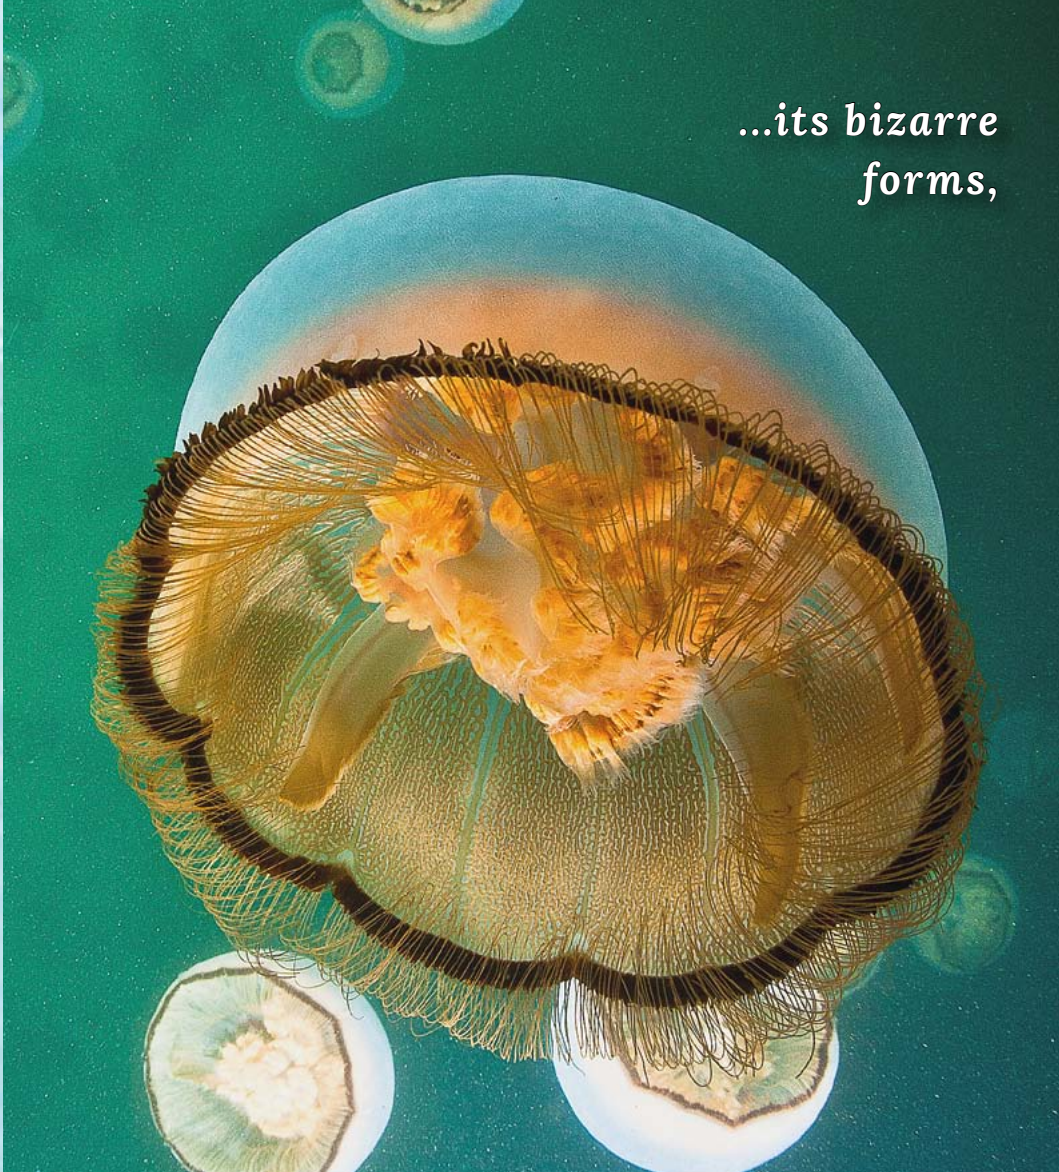
...and very
interesting.

Friendly guests always meet
with pleasure everywhere,

...and the sea here is no exception.



The beauty of
an underwater world,



...its bizarre
forms,

...and unusual scenes,

...all this is something impossible
to get accustomed,

...something that delights
you endlessly.

Or, rather, as long as the air in our cylinders will allow...
