

An underwater photograph showing several people swimming in clear blue water above a vibrant coral reef. In the foreground, a young girl in a purple shirt and yellow goggles looks directly at the camera with her hand on her chin. To her left, a woman in a black and pink swimsuit and blue goggles swims. Other swimmers are visible in the background, some in blue and black swimwear. The coral reef at the bottom is diverse and colorful.

*Obviously, there is the reality  
in this world.*

*But it is  
undoubtedly  
as well, that  
there are  
dreams  
in it too.*

*So, what is it...*

*...and why is it so important  
for people to dream sometimes?*

*In fact, it has a simple explanation.  
Our life is like a difficult road  
with a big set of rules.*

*But dreams let any soul to throw  
aside any rules and limitations,*

*...and in a second find  
ourselves in a place,*

*...where we really want to be.*

*And it is quite possible that dreams  
are an invisible certain reality.  
Such as radio waves, for example.*

*And, then who knows what role  
the dreamers really play in this world...*

*Of course, different people  
have different dreams.*

*Sometimes they may be amusing,*

*...sometimes,  
they may  
not seem too  
reasonable.*

So what?  
That's why  
they are  
dreams!

*What do  
people like  
to dream  
about most  
of all?*

*In fact, there is a countless number  
of things to dream about in the world.*

*There are  
dreams  
about  
simple  
things,*

*...and about big, complex ones.*

Someone  
dreams about  
an interesting hobby.

A woman with long blonde hair, wearing a dark tank top and shorts, is sitting on a large, weathered piece of driftwood on a sandy beach. The driftwood is positioned horizontally across the foreground. In the background, the ocean waves are breaking onto the shore, and the sky is a clear, vibrant blue. A large, white, fluffy cloud in the sky is shaped like the map of Australia. The text "And others want to take a trip to a beautiful country." is overlaid on the right side of the image in a white, serif font with a slight shadow.

*And others  
want to take a trip  
to a beautiful  
country.*

*Those who value feelings most  
of all dream about true friendship,*

*...and about  
unforgettable  
meetings.*

*However, the most important  
dreams in humanity are still  
the dreams about love.*

*(Well, or about  
a very big love...)*

*Nothing changes here for thousands  
of years. And it's great.*

*Actually, suspiciously many sages said  
that dreams could be materialized,*

*...or, in other words,  
they can be reflected in our real life.*

*So maybe later we all will figure  
out that dreaming is...*

*...not such  
a useless  
activity...*

*What do we know about dreams*

A photo story

An underwater photograph showing several divers swimming in clear blue water. In the foreground, there is a vibrant coral reef with various types of coral, including branching and table corals. The lighting is bright, suggesting a sunny day. The text is overlaid on the upper half of the image.

*What are the dreams  
and what do people  
need them for?*

*Let's reflect about  
this topic a little.*
